

Veterinary Technician Internships will be available to:

- 2nd year or end-of-program veterinary technician students from an AVMA accredited institution.
- Recent graduates from an AVMA accredited veterinary technician program planning on taking the VTNE within a year of graduation
- Current licensed/certified/registered veterinary technicians in good standing with their state licensing agency

#### CRITERIA FOR INTERN APPLICATIONS

- Ability to commit 160 hrs – 240 hrs [Recommend 5 days a week]
- TB test negative within last 6 months of application date
- Proof of COVID vaccination
- 1 letter of recommendation from a professional source [not family/friends]
- Letter of intent/cover letter
- Submit list of the core requirements for their program, if applicable
- Submit most up-to-date transcript, if applicable
- Additional, not required: Proof of Rabies vaccination
- For licensed veterinary technicians, provide state license certificate.

If your program's internship window varies from the Application Posted date range, please feel free to contact me directly for assistance or if you have any other questions about our facility or our program. Internships are intended to occur year-round as space is available for selected candidates.
